

Language Arts – Summer Assignment

Please read a variety of texts this summer, fiction and nonfiction. Please track the novels and texts you read. Bring your recording chart with you on the first day back to school. Create an additional chart if you need more space to record. The library and most bookstores have summer reading programs and incentives. Check-out one of the local summer reading programs.

Enjoy your reading! Relax and have fun with it. I cannot wait to hear about all the great books you read. You are in store for a great experience in language arts next year!
